6 PIAZZA DO'S & 1 PIAZZA DON'T

DON'T EXPECT DISCUSSION TO FLOW
LIKE IN A F2F DISCUSSION - PIAZZA IS
NOT SYNCHRONOUS

- Piazza is a very effective public discussion space
- Piazza can significantly reduce your email queue for a course
- Piazza can create a powerful sense of community

PIAZZA GUIDE

- Consider the number of students in your class and on piazza: your comments have exponential effect
- Everything you say/answer will be seen and inform their sense of the class community
- Piazza is an effective carrot, but a bad stick
